

## SEN Report 2016

The aim of this report is to give parents information about how we support children's learning in our school.

### **How are the schools resources allocated and matched to pupils?**

#### **How are decisions made about how much support my child will receive?**

Our School is an inclusive school and we offer a range of provision to support children with SEND, where the school has identified a need and staffing levels allow. Children's needs are identified in the termly pupil progress meetings and resources are allocated according to need. All the interventions at our school are delivered by staff who have had training in running these groups. The provision in these groups is overseen by our Special Educational Needs Coordinator (SENCO). The effectiveness of every intervention run in school is monitored by the use of assessments at the beginning of the support work, which are repeated at least termly to monitor the impact the support is having on the children. Interventions are then modified, if necessary, in light of these assessments. A whole school provision map is updated termly. This document tracks the support being offered throughout the school and is updated every term in discussions between the SENCO, class teachers, Head of School and Executive Head Teacher.

### **How will I know that the school will support my child?**

#### **How does the school know if pupils need extra help?**

The progress of all children in school is underpinned by planning and assessment and the progress of every child in our school is assessed, monitored and discussed in termly pupil progress meetings between the Executive Head Teacher, Head of School, SENCO, SLT and every class teacher.

If any child is not making the progress we would expect, this is discussed with parents and support is put into place. Formal Parent consultation are held in the autumn and summer terms, Informal Open evening in the spring term and parents receive a written report in the summer term, however if there are any concerns about a child's progress between these times, teachers will contact the child's parents.

### **What training have staff who are supporting children with SEND had or are receiving?**

Our school has a special needs coordinator (SENCO), Zoe Kemp who is responsible for advising class teachers about the provision they make for children with SEND (special educational needs and disabilities), and for overseeing our whole school provision. She can be contacted by email at [zoekemp@warmington.northants.sch.uk](mailto:zoekemp@warmington.northants.sch.uk)
