

Warmington School

Sports Premium Funding

2018 - 2019

What is the School Sports Premium?

As part of the Olympic legacy, the Department of Education and the Department of Health have made £150 million available to all primary schools in the United Kingdom. This equates to a grant of £8000 per school, plus an additional £5 per pupil in key stages one and two. The Department for Education (DfE) announced that funding for PE and sport in primary schools will double to £320 million a year in 2017 thanks to additional revenue generated from the Soft Drinks Industry Levy also known as the "sugar tax".

The previous pot stood at £160 million a year and each school received a flat rate of £8,000, with £5 added for every pupil. The now doubled pot will result in schools with 16 or fewer eligible pupils receiving £1,000 per pupil and schools with 17 or more eligible pupils receiving £16,000 with £10 added per pupil.

The funding is ring-fenced, meaning that it can only be spent on improving the provision of physical education, school sport and healthy, active lifestyles. Suggested uses for the money include, but are not limited to:

Hiring specialist PE teachers or qualified sports coaches to work with primary teachers when teaching PE

Supporting and engaging the least active children through new or additional Change4Life clubs

Paying for professional development opportunities for teachers in PE and sport

Providing cover to release primary teachers for professional development in PE and sport

Running sport competitions, or increasing pupils' participation in the School Games

Buying quality assured professional development modules or materials for PE and sport

Providing places for pupils on after school sports clubs and holiday clubs

Pooling the additional funding with that of other local schools.

Initially planned as a two-year scheme, it has been announced that the sports premium funding will continue until 2020.

The Sports Premium Grant

Funding for schools is calculated by the number of primary aged pupils (between the ages of 5 and 11). All schools with 17 or more primary aged pupils will receive a lump sum of £16000 and £10 per pupil. For Warmington School this calculates as follows:

Spending

Warmington School will receive approx. £16,000 Sports Premium Funding in this academic year.

Use of funds to date and proposed actions:

COST		IMPACT
£6940.00	Stevey T Training Educational Model	Academic Inclusion Up Skilling Teachers Before and After Sports clubs
£895.00 PWS	School Games membership (NCC)	Academic Inclusion Sharing of expertise to help improve the skills of teachers. To participate in cluster sporting activities. Working towards active schools award. Tournament admission
£847	Transport costs to Sporting Events (Triathlon at Corby for KS2, gymnastics tournament, Corby, county finals)	Academic Enrichment & Engagement Inclusion Developing an extensive range of sporting & play equipment for school lessons, lunchtime activities.

£444.97	Sports Equipment Medals and trophies Speedbounce mats Universal services equipment Rugby balls, tags	Academic Enrichment & Engagement Inclusion
£45	CJS Sports Activities & Coaching Girl's football	Extra football coaching for girl's squad qualifying for county finals
£3252.82	Sports shed	Academic enrichment and hall space clear to enable full use of indoor space for larger classes
TOTAL SPENDS £12424.97		

(Calculated at financial year end 2018/19)

Spending provisions for summer 2019 onwards. Due to the expanse of the school into UKS2 we now have a lack of storage for sports equipment. The school is planning to pay for the provision of a new shed to store equipment and free up hall space.

Other equipment to be purchased will include netball bibs and speed bounce boards.

Curricular Provision

The PE curriculum map has been developed each year to reflect the changing needs of the pupils at the school. In addition to the PE specialist working alongside teaching assistants for one full day a week, two further clubs are provided by the specialist PE teacher for the pupils to optimise their learning opportunities. Pupils in Years 1-6 take part in swimming lessons provided by Oundle School. Every child swims for one hour a week for 10 weeks in order to achieve the national requirements of 25m.

Extra transport costs will be in the summer budget to also allow tuition of UKS2 to meet NC swimming requirements.

Extra-Curricular Sports Programme

Children across KS1 and KS2 have access to after school and before school sports clubs. Such as: Basketball, Karate, Football and Street Dance. Children regularly have the opportunity to take part in inter school competitions as part of the Sainsbury's School Games and other Cluster events, including all KS2 pupils participating in the TATA Kids of Steel Triathlon at Corby

Heathy Child 2020 Initiative

Warmington School has been working closely with the Healthy Child 2020 initiative for the past 3 years. We aim to increase children's awareness of health, wellbeing and fitness. We have been working on several actions during this period. For example, as part of the "Food Smart" campaign, the school provides a fruit or vegetable snack at break time and monitors ensure a balanced a varied distribution across classes and the school attends the East of England food and farming event to promote food and farming/ health awareness

Sports Premium Impact Report for 2018-2019

Reviewed March 2019

Developing learning and teaching through PE Specialists - Stevey T training educational Model

Warmington School has bought into the Stevey T training educational model. This will allow a part time member of staff PEO (Physical Education Officer) to support the school for approx. 130 hours across the academic year.

This member of staff will work closely with our PE Coordinator to develop high standards of delivery are offered by all teaching staff. The aim this year is to provide in school support for these teachers to further embed outstanding Physical Education in the School.

Our PE Coordinator and Physical Education Officer will track the delivery plan termly and assess and change accordingly. We will look to work alongside teachers on their delivery of Physical Education with a 7 week training programme for every teacher to up skill them in PE and help with the suitability of Physical education. The use of the curriculum aware PEO will help to maintain Physical Education as a core subject in the school.

Throughout the year, the PEO will act as point of contact for all school staff should they have any questions or support needs around any aspect of school sport and PE.

Through the support of a PE Specialist, teaching staff have been up-skilled and their subject knowledge increased. Consequently the confidence of teachers to deliver high quality lessons has improved. All staff wear PE kit to model the importance of being in appropriate kit and ensured teachers were able to model key skills to children effectively.

it has benefited the school/pupils by:

- Taking admin work away from teachers to allow them to focus on curriculum delivery
- Making the school better prepared for government inspection
- Providing the baseline measurements for assessing the impact of the sports premium funding
- Improving PE provision and preparing for the national curriculum
- Providing pupils with better PE and sport, therefore better opportunities to develop athletic, personal and social skills.
- Providing a wider range of physical activity, allowing each child to find an activity for life and develop a broader range of skills.
- Increased motivation toward and ownership of learning.
- Increased pupil confidence and enabled all willing children to participate in local cluster tournaments, (leading to county finals and more events out of the cluster area such as gymnastics and Cross Country.)
- Provided increased access to paid participation through signposting families to other providers including triathlon, rugby, football, martial arts, dance and rugby.
- Including 'Healthy Lifestyles' more widely in our curriculum, through our PHSE curriculum, Food and farming day
- All year 5 and 6 pupils participated in one-day 'bikability' training in December 2018 with over 70% of pupils achieving their level 2 certificate. An annual 'Walk to School week' promotes the use of walking, cycling and scooting to school. The school encourages cycling and scooting and provides cycle racks and helmet storage for pupils choosing this mode of transport.
- Warmington School pupils having a positive attitude to sports and health, which is shown in our high uptake for sports tournaments, parent and grandparent support and has won places in four county finals in the academic year 2018/9 in Girl's football, Small School's football, tri-golf and hockey.

Warmington School Warmington School has successfully met the criteria to be awarded the Sainsbury's Sports 'silver' kite mark for the past three years and the 'gold' kite mark for 2017/2018

The children regularly celebrate their health and Sports successes in assemblies (including out of school successes in sports, gymnastics and dance) and in trophies and certificates are displayed with pride and the 'Sports board' celebrates all sporting achievement and participation across the year groups.

All pupils attend PE lesson unless physically unable to do so. There has been very few reported of 'forgetting of PE kit' from September- March 2018/19 and the school is building a bank of spare trainers/ football boots and shin guards to ensure pupils are always properly equipped.

Pupils are encouraged to wear correct PE kit with the School logo and the PFA purchased school 'baseball' caps for all pupils for summer sports and break times. Additional logoed sports wear has been commissioned by the PFA and many parents

have purchased this which has highlighted the pride which Warmington School has for sport, particularly when attending after school tournaments.

Parent involvement is also very apparent at tournaments and the school values this with reports in the local press and regular updates on its school 'blogs'.

How will we check its impact?

A named governor, the Head and PE coordinator will be monitoring take up of clubs, observing lessons, talking to children about PE. Independent evaluation of our plans will be undertaken by our school advisor who will report to the governing body.

Swimming is a particular strength at Warmington School. Weekly swimming sessions are attended by all pupils from year 1-6 in the summer term and are well supported by parent volunteers.

In July 2019 there were 15 pupils in the year 6 cohort. 14 of those pupils swam competently and confidently over a distance of at least 25 metres and 12 of those pupils used a range of strokes effectively. 12 of those pupils could also perform safe self-rescue in different water-based situations and over half of those pupils left Warmington School being able to competently swim over 750m.

Pupil Voice

A pupil survey was carried out in Sept 2018 and showed that:

77% of children enjoy PE and School Sports.

84% of children find PE lesson interesting.

49% of children have attended an inter school tournament.

39% of children attend a before or after school sports club.

73% of children attend another sports clubs.

Pupil audits in 2018 also requested that the school provided lessons/support/ clubs in sports such as rugby, tennis, golf, hockey, basketball and table tennis which enabled staff to include a variety of these sports in their delivering of the curriculum and sports clubs, A table tennis table has now been purchased and installed.

In 2018 clubs and sports that pupils requested support or school clubs in included contact rugby, tennis, swimming, self defence, baseball, cricket, dodge ball, hockey, cycling, cheerleading, boxing, horse riding and hockey. A parent who is a golf professional is undertaking LKS2 lessons in golf for pupils who are attending a golf tournament in May 2019.

A pupil survey and staff survey will be repeated before July 2018 and the results will help the allocation of sports clubs running in the new academic year.

The school is organising after school clubs and 'try-out sessions' in many of these and is providing information and contact details of others through presentations and websites and assemblies from different providers including Oundle Rugby, fencing and Cricket club. There have been a significant amount of pupils attending these clubs through direct connection with the club/ schools links including an EAL pupil at Oundle Rugby Club who are forging links with a rugby club in Romania, and a 200% increase in girls' participation in out of school rugby.

All staff have expressed an increased knowledge of skills in their teaching of sport and PE. Teachers and Teaching assistants consistently support school tournaments and clubs out of school hours and at the weekends, including a cricket competition held at Oundle School where pupils saw the Cricket World Cup and staff supporting pupils in attending hockey club held in the evenings at Oundle School.
