

Warmington School

Sports Premium Funding

2019-2020

What is the Sports Premium?

As part of the Olympic legacy, the Department of Education and the Department of Health have made £150 million available to all primary schools in the United Kingdom. This equates to a grant of £8000 per school, plus an additional £5 per pupil in key stages one and two. The Department for Education (DfE) announced that funding for PE and sport in primary schools will double to £320 million a year in 2017 thanks to additional revenue generated from the Soft Drinks Industry Levy also known as the "sugar tax".

The previous pot stood at £160 million a year and each school received a flat rate of £8,000, with £5 added for every pupil. The now doubled pot will result in schools with 16 or fewer eligible pupils receiving £1,000 per pupil and schools with 17 or more eligible pupils receiving £16,000 with £10 added per pupil.

The funding is ring-fenced, meaning that it can only be spent on improving the provision of physical education, school sport and healthy, active lifestyles. Suggested uses for the money include, but are not limited to:

Hiring specialist PE teachers or qualified sports coaches to work with primary teachers when teaching PE

Supporting and engaging the least active children through new or additional Sports Crew clubs

Paying for professional development opportunities for teachers in PE and sport

Running sport competitions, or increasing pupils' participation in the School Games
Buying quality assured professional development modules or materials for PE and sport

Providing places for pupils on after school sports clubs

Initially planned as a two-year scheme, it has been announced that the sports premium funding will continue until 2020.

The Sports Premium Grant

Funding for schools is calculated by the number of primary aged pupils (between the ages of 5 and 11). All schools with 17 or more primary aged pupils will receive a lump sum of £16000 and £10 per pupil. For Warmington School this calculates as follows:

Spending

Warmington School will receive approx. £16,830 Sports Premium Funding in this academic year.

Use of funds to date and proposed actions:

COST		IMPACT
£2720.00	Stevey T Training Educational Model	Academic Inclusion Up Skilling Teachers Before and After Sports clubs (to Sep19)
£895.00 PWS	School Games membership (NCC)	Academic Inclusion Sharing of expertise to help improve the skills of teachers. To participate in cluster sporting activities. Working towards active schools award. Tournament admission
£4375	NCC specialist sports teacher	Academic Inclusion Up Skilling Teachers (from Sep19 and on-going)
£255	Travel to KS2 Triathlon event	Academic Enrichment & Engagement Inclusion
£795	Travel to Oundle Pool Summer 2019	To enable UKS2 swimming
£179.97	Sports equipment - netball bibs, balls, speed bounce boards	To enable full curriculum engagement for all pupils
£56.67	Sports trophies	To celebrate sports achievement and participation
£10,031	*Hedgehogs Outdoor Area	To encourage increased activity for EYFS pupils
£416.65	SEN PE Equipment	To support skill and motor development for SEN pupils

£304.98	Basketball Goals	Encourage ball skills for all pupils
£782.50	*Playground Markings	To encourage structured play for all pupils 1760
TOTAL SPENDS £	20482.65	

(Calculated at financial year end 2019/20)

*Spending provisions for summer 2020 onwards include resurfacing outdoor play areas and remarking playground surfaces as well as purchasing adjustable netball/ basketball goals. Completion of some of these had to be delayed due to Covid-19 restrictions.

The PE curriculum map has been developed each year to reflect the changing needs of the pupils at the school. In addition to the PE specialist working alongside teaching the specialist PE teacher works with pupils to run a 'sports crew' at lunchtimes for the pupils to optimise their learning and leadership opportunities (particularly aimed at pupils who have not participated fully or engaged in sport fully in the past) Pupils in Years 1-6 take part in swimming lessons provided by Oundle School. Every child swims for one hour a week for 10 weeks in order to achieve the national requirements of 25m.

Due to lockdown, no swimming took place in 2019-2020.

Extra transport costs will be in the summer budget to also allow tuition of UKS2 to meet NC swimming requirements.

Extra-Curricular Sports Programme

Children across KS1 and KS2 have access to after school and before school sports clubs. Such as: Team Sports Club, Karate, Football and Street Dance. Children regularly have the opportunity to take part in inter school competitions as part of the Sainsbury's School Games and other Cluster events, including all LKS2 pupils participating in the TATA Kids of Steel Triathlon at Corby

Healthy Child 2020 Initiative

Warmington School has been working closely with the Healthy Child 2020 initiative for the past 3 years. We aim to increase children's awareness of health, wellbeing and fitness. We have been working on several actions during this period. For example, as part of the "Food Smart" campaign, the school provides a fruit or vegetable snack at break time and monitors ensure a balanced a varied distribution across classes and the school attends the East of England food and farming event to promote food and farming/ health awareness. In July 2020 this was an online event.

Sports Premium Impact Report for 2019-2020 (Reviewed: Autumn 2020)

Developing learning and teaching through PE Specialists – Northamptonshire Sport PE Teaching

Warmington School has bought into the Northamptonshire Sport educational model. This will allow a part time member of staff PEO (Physical Education Officer) to support the school for approx. 130 hours across the academic year.

This member of staff will work closely with our PE Coordinator to develop high standards of delivery are offered by all teaching staff. The aim this year is to provide in school support for these teachers to further embed outstanding Physical Education in the School.

Our PE Coordinator and Physical Education Officer will track the delivery plan termly and assess and change accordingly. We will look to work alongside teachers on their delivery of Physical Education with a 7-week training programme for every teacher to up skill them in PE and help with the suitability of Physical education. The use of the curriculum aware PEO will help to maintain Physical Education as a core subject in the school.

Throughout the year, the PEO will act as point of contact for all school staff should they have any questions or support needs around any aspect of school sport and PE.

Through the support of a PE Specialist, teaching staff have been up-skilled and their subject knowledge increased. Consequently the confidence of teachers to deliver high quality lessons has improved. All staff wear PE kit to model the importance of being in appropriate kit and ensured teachers were able to model key skills to children effectively.

This has benefited the school/pupils by:

- Taking admin work away from teachers to allow them to focus on curriculum delivery;
- Making the school better prepared for government inspection;
- Providing the baseline measurements for assessing the impact of the sports premium funding;
- Improving PE provision and preparing for the national curriculum;
- Providing pupils with better PE and sport, therefore better opportunities to develop athletic, personal and social skills;
- Providing a wider range of physical activity, allowing each child to find an activity for life and develop a broader range of skills;
- Increased motivation toward and ownership of learning;
- Increased pupil confidence and enabled all willing children to participate in local

cluster tournaments, as soon as circumstances allow

- Provided increased access to paid participation through signposting families to other providers including triathlon, rugby, football, martial arts, dance and rugby;
- Including 'Healthy Lifestyles' more widely in our curriculum, through our PHSE curriculum, Food and Farming day;
- All year 5 and 6 pupils participated in one-day 'bikeability' training in 2019. The school promotes the use of walking, cycling and scooting to school. The school encourages cycling and scooting and provides cycle racks and helmet storage for pupils choosing this mode of transport;
- Warmington School pupils having a positive attitude to sports and health, which is shown in our high uptake for sports tournaments, the past three years and the 'gold' kite mark for 2017/2018, 2018/2019 (no accreditation in 2020 due to Covid-19).
- The children regularly celebrate their health and Sports successes in assemblies (including out of school successes in sports, gymnastics and dance) and in trophies and certificates are displayed with pride and the 'Sports board' celebrates all sporting achievement and participation across the year groups.
- All pupils attend PE lesson unless physically unable to do so. There has been very few reported of 'forgetting of PE kit' from September- March 2019/ 20 and the school is building a bank of spare trainers/ football boots and shin guards to ensure pupils are always properly equipped.
- Pupils are encouraged to wear correct PE kit with the School logo and the PFA purchased school 'baseball' caps for all pupils for summer sports and break times. Additional logoed sportswear has been commissioned by the PFA and many parents have purchased this which has highlighted the pride which Warmington School has for sport, particularly when attending after school tournaments.

Parent involvement is also very apparent at tournaments and the school values this with reports in the local press and regular updates on its school 'blogs'.

How will we check its impact?

A named governor, the Executive Headteacher and PE coordinator will be monitoring take up of clubs, observing lessons, talking to children about PE. Independent evaluation of our plans will be undertaken by our school advisor who will report to the governing body.

Swimming is a particular strength at Warmington School. Weekly swimming sessions are attended by all pupils from year 1-6 in the summer term and are well supported by parent volunteers.

Unfortunately, due to lockdown Warmington School did not swim in Summer Term 2020 but will assess all swimmers and resume lessons as soon as we are able, hopefully by April 2021.

Pupil Voice

A pupil survey was carried out in **March 2020** (just before lockdown) and showed that:

- 78% of children enjoy PE and School Sports.
- 72% of children find PE lessons interesting.
- 45% of children have attended an inter school tournament.
- 34% of children attend a before or after school sports club.
- 70% of children attend another sports club/s.

A pupil survey was carried out in **December 2020** to assess pupils' participation in sport since Covid-19.

- 88% of pupils enjoy sport in school and 80% found PE lessons interesting.
- 70% of pupils exercised everyday during lockdown and 76% participated in online sessions (such as Joe Wicks).
- Approximately 90% of children enjoy wearing their PE kit all day on PE days. Parents also voice this as a positive change.

Despite Covid-19 restrictions, pupils have started to partake in football, rugby and swimming clubs. Pupil audits in March 2020 also requested that the school provided lessons/support/ clubs in sports such as climbing, running, tennis, dodgeball, badminton and diving. These will be investigated once restrictions allow.

Key Priorities for 2020-21:

1. To ensure pupils regularly engage with Sports and PE to develop missed skills and support their on-going well-being and mental health;
2. To ensure that pupils' swimming skills are developed for Summer 2021;
3. To support new Reception teacher with age-appropriate PE skills.
