

Warmington School

Sports Premium Funding

2020-2021

What is the Sports Premium?

As part of the Olympic legacy, the Department of Education and the Department of Health have made £150 million available to all primary schools in the United Kingdom. This equates to a grant of £8000 per school, plus an additional £5 per pupil in key stages one and two. The Department for Education (DfE) announced that funding for PE and sport in primary schools will double to £320 million a year in 2017 thanks to additional revenue generated from the Soft Drinks Industry Levy also known as the "sugar tax".

The previous pot stood at £160 million a year and each school received a flat rate of £8,000, with £5 added for every pupil. The now doubled pot will result in schools with 16 or fewer eligible pupils receiving £1,000 per pupil and schools with 17 or more eligible pupils receiving £16,000 with £10 added per pupil.

The funding is ring-fenced, meaning that it can only be spent on improving the provision of physical education, school sport and healthy, active lifestyles. Suggested uses for the money include, but are not limited to:

Hiring specialist PE teachers or qualified sports coaches to work with primary teachers when teaching PE

Supporting and engaging the least active children through new or additional Sports Crew clubs

Paying for professional development opportunities for teachers in PE and sport

Running sport competitions, or increasing pupils' participation in the School Games
Buying quality assured professional development modules or materials for PE and sport

Providing places for pupils on after school sports clubs

Initially planned as a two-year scheme, it has been announced that the Sports Premium funding will continue until at least 2022.

The Sports Premium Grant

Funding for schools is calculated by the number of primary aged pupils (between the ages of 5 and 11). All schools with 17 or more primary aged pupils will receive a lump sum of £16000 and £10 per pupil. For Warmington School this calculates as follows:

Spending

Warmington School will receive approx. £16,830 Sports Premium Funding in this academic year.

Use of funds to date and proposed actions:

COST		IMPACT
£470	Stevey T Training Educational Model	All pupils trained in First Aid through termly workshops.
£4000	Northamptonshire specialist sports teacher	Academic Inclusion Up Skilling Teachers (on-going)
£22	Ball Pump	Ensuring Equipment is maintained
£795	Travel to Oundle Pool Summer 2022	To enable UKS2 swimming
£225	Sports equipment – tennis nets	To enable full curriculum engagement for all pupils
£1000	EYFS Outerwear	To support staff participation and promote inclusion for adults as well as pupils.
£5000*	Sensory and Well-Being Room	To promote social, emotional and mental health development for all pupils.
TOTAL SPENDS £	9811.76	

(Calculated at financial year end 2020/21)

The PE curriculum map has been developed each year to reflect the changing needs of the pupils at the school. In addition to the PE specialist working alongside teaching the specialist PE teacher works with pupils to run a 'sports crew' at lunchtimes for the pupils to optimise their learning and leadership opportunities (particularly aimed at pupils who

have not participated fully or engaged in sport fully in the past) Pupils in Years 1-6 take part in swimming lessons provided by Oundle School. Every child swims for one hour a week for 10 weeks in order to achieve the national requirements of 25m. These have been severely restricted by lockdown although 18 out of 20 passed in Summer 2021.

Due to lockdown, no swimming took place in 2019-2020. With restrictions in place, it was decided to focus on Year 6 swimming for Summer 2021.

Extra transport costs will be in the summer budget to also allow tuition of UKS2 to meet NC swimming requirements.

Extra-Curricular Sports Programme

Children across KS1 and KS2 have traditionally had access to after school and before school sports clubs such as: Team Sports Club, Karate, Football and Street Dance. Children regularly have the opportunity to take part in inter school competitions as part of the Sainsbury's School Games and other Cluster events, including all LKS2 pupils participating in the TATA Kids of Steel Triathlon at Corby. These have been curtailed during lockdown although Football Club has been in place since September 2021 and a range of activities are planned as restrictions ease.

Warmington School has continued to provide information and support extra-curricular sports throughout the local area.

In December 2021 Peterborough United Football Club undertook a whole school assembly to promote the values in football. 11 girls in KS2 regularly play football and are part of Oundle Girls Football teams. 4 KS2 boys represent the school playing football with Oundle Boys and the opening of more community sports facilities at Oundle School Sports centre has meant that more children across the school are accessing it for swimming, hockey and track events after school and at the weekends.

Healthy Child 2020 Initiative

Warmington School has been working closely with the Healthy Child 2020 initiative for the past 3 years. We aim to increase children's awareness of health, wellbeing and fitness. We have been working on several actions during this period. For example, as part of the "Food Smart" campaign, the school provides a fruit or vegetable snack at break time and monitors ensure a balanced a varied distribution across classes. As part of Science and PSHE, pupils are also encouraged to learn about healthy eating. The school also does not allow pupils to have birthday treats unless parents choose to let them have them – the treats are placed in bookbags so parents have the choice of when and if the pupils have the treats, again reinforcing balanced diets and healthy choices.

Sports Premium Impact Report for 2020-2021 (Reviewed: Autumn 2021)

Developing learning and teaching through PE Specialists – Northamptonshire Sport PE Teaching

Warmington School has bought into the Northamptonshire Sport educational model. This will allow a part time member of staff PEO (Physical Education Officer) to support the school for approx. 130 hours across the academic year.

This member of staff will work closely with our PE Coordinator to develop high standards of delivery are offered by all teaching staff. The aim this year is to provide in school support for these teachers to further embed outstanding Physical Education in the School.

Our PE Coordinator and Physical Education Officer will track the delivery plan termly and assess and change accordingly. We will look to work alongside teachers on their delivery of Physical Education with a 7-week training programme for every teacher to up skill them in PE and help with the suitability of Physical education. The use of the curriculum aware PEO will help to maintain Physical Education as a core subject in the school.

Throughout the year, the PEO will act as point of contact for all school staff should they have any questions or support needs around any aspect of school sport and PE.

Through the support of a PE Specialist, teaching staff have been up-skilled and their subject knowledge increased. Consequently the confidence of teachers to deliver high quality lessons has improved. All staff wear PE kit to model the importance of being in appropriate kit and ensured teachers were able to model key skills to children effectively.

This has benefited the school/pupils by:

- Taking admin work away from teachers to allow them to focus on curriculum delivery;
- Making the school better prepared for government inspection;
- Providing the baseline measurements for assessing the impact of the sports premium funding;
- Improving PE provision and preparing for the national curriculum;
- Providing pupils with better PE and sport, therefore better opportunities to develop athletic, personal and social skills;
- Providing a wider range of physical activity, allowing each child to find an activity for life and develop a broader range of skills;

- Increased motivation toward and ownership of learning;
- Increased pupil confidence and enabled all willing children to participate in local cluster tournaments, as soon as circumstances allow
- Provided increased access to paid participation through signposting families to other providers including triathlon, rugby, football, martial arts, dance and rugby;
- Including 'Healthy Lifestyles' more widely in our curriculum, through our PHSE curriculum, Food and Farming day;
- The school promotes the use of walking, cycling and scooting to school. The school encourages cycling and scooting and provides cycle racks and helmet storage for pupils choosing this mode of transport;
- Warmington School pupils having a positive attitude to sports and health, which is shown in our high uptake for sports tournaments, the past three years and the 'gold' kite mark for 2017/2018, 2018/2019 (no accreditation in 2020 or 2021 due to Covid-19).
- The children regularly celebrate their health and Sports successes in assemblies (including out of school successes in sports, gymnastics, riding and dance) and in trophies and certificates are displayed with pride and the 'Sports board' celebrates all sporting achievement and participation across the year groups.
- All pupils attend PE lesson unless physically unable to do so. As a result of changes due to Covid, it has been decided that pupils wear PE kit all day on PE days to avoid close contact during changing. Although the restrictions have been eased, the amount of lost or forgotten kit has been virtually eliminated and participation and awareness of PE has risen. As a result of this impact, it has been decided to continue the wearing of PE kit on PE days as a permanent feature of school life;
- Pupils are encouraged to wear correct PE kit with the School logo and the PFA purchased school 'baseball' caps for all pupils for summer sports and break times. Additional logoed sportswear has been commissioned by the PFA and many parents have purchased this which has highlighted the pride which Warmington School has for sport, particularly when attending after school tournaments.

Parent involvement is also very apparent at tournaments and the school values this with reports in the local press and regular updates on its school 'blogs'.

How will we check its impact?

A named governor, the Executive Headteacher and PE coordinator will be monitoring take up of clubs, observing lessons, talking to children about PE. Independent evaluation of our plans will be undertaken by our school advisor who will report to the governing body.

Swimming is a particular strength at Warmington School. Weekly swimming sessions are

attended by all pupils from year 1-6 in the summer term and are well supported by parent volunteers.

Unfortunately, due to lockdown Warmington School did not swim in Summer Term 2020, and offered only a limited provision in Summer Term 2021 but will assess all swimmers and resume lessons from April 2022. 90% of Year 6 swimmers left meeting the statutory 25m requirement in Summer 2022.

Pupil Voice

A pupil survey was carried out in **March 2020** (just before lockdown) and showed that:

- 78% of children enjoy PE and School Sports.
- 72% of children find PE lessons interesting.
- 45% of children have attended an inter school tournament.
- 34% of children attend a before or after school sports club.
- 70% of children attend another sports club/s.

A pupil survey was carried out in **December 2020** to assess pupils' participation in sport since Covid-19.

- 88% of pupils enjoy sport in school and 80% found PE lessons interesting.
- 70% of pupils exercised everyday during lockdown and 76% participated in online sessions (such as Joe Wicks).
- Approximately 90% of children enjoy wearing their PE kit all day on PE days. Parents also voice this as a positive change.

A further survey was carried out in **January 2022** and found that:

- 70% enjoyed sport at school and 68% found PE lessons interesting
- 76% enjoyed wearing their PE kit to school.
- Approximately 64% of pupils are attending clubs at the weekends and out of school. These include football, swimming, dance, gymnastics, riding and rugby.
- When questioned pupils stated reasons they like sport are 'like taking part', "children leading the warm-up and cool down activities", "It's fun", "trying different sports".

Staff were surveyed as well and priorities that came out were that they would like more training opportunities (when restrictions allow) and we are investigating different PE schemes. Staff would also like 'school sportswear' to wear on PE days. These are all areas for development.

Key Priorities for 2021-22:

1. To ensure pupils regularly engage with Sports and PE to develop missed skills and support their on-going well-being and mental health;
 2. To ensure that pupils' swimming skills are developed for Summer 2022;
 3. To support new Reception teacher and Teaching Assistants with age-appropriate PE skills.
 4. That although schools tournaments may be limited (due to Covid restrictions) children will compete competitively in their school keystages.
 5. That sport continues to be promoted at Warmington School.
- In December 2021 Peterborough United Football Club undertook a whole school assembly to promote the values in football. 11 girls in KS2 regularly play football and are part of Oundle Girls Football teams. 4 KS2 boys represent the school playing football with Oundle Boys and the opening of more community sports facilities at Oundle School Sports Centre has meant that more children across the school are accessing it for swimming, hockey and track events after school and at the weekends.
 - That 'well-being' days encourage the benefit of outside play as well as calm activities such as yoga and massage to promote well-being through mental health-awareness and that children can access such activities independently.
 - A collection of books has been purchased to promote reading through sports and sporting champions.
 - That pupils are given the opportunity to participate in more 'outdoor and adventurous' sports and activities through KS2 residential at Govilan (Wales) and Caythorpe Court (Lincolnshire) when restrictions allow.
 - That during potential Covid Lockdowns and periods of enforced isolation pupils are encouraged to exercise everyday and are shown how to safely access online resources such as 'Joe Wicks' workouts for children, yoga, Ceebeebies and local teachers leading online classes.
 - That local clubs continue to come into school with specialist coaching as soon as restrictions allow (Chance to Shine Cricket is booked for February and March 2022)
 - Through our school values we promote courage, resilience, independence, initiative, friendship, loyalty and teamwork, which all play a part in sport.
